→ Des relations non définies dans notre cas d'étude. Si vous tombez dessus, une seule chose à faire, évitez les !

UAS that are not toys within the meaning of **Directive 2009/48/EC** should comply with the relevant essential health and safety requirements **set out in Directive 2006/42/EC** of the European Parliament and of the Council (3) in so far as this Directive applies to them, to the extent that those health and safety requirements are not intrinsically linked to the safety of the flight by UAS. Where those health and safety requirements are intrinsically linked to the safety of the flight, only this Regulation should apply.

Directive 2014/30/EU should apply to unmanned aircraft that are not subject to certification and are not intended to be operated only on frequencies allocated by the Radio Regulations of the International Telecommunication Union for protected aeronautical use, **if they do not fall within the scope of Directive 2014/53/EU**.

Decision No 768/2008/EC of the European Parliament and of the Council (6) sets out common principles and horizontal provisions intended to apply to marketing of products that are subject to relevant sectorial legislation. In order to ensure consistency with other sectorial product legislation, the provisions on the marketing of UAS intended to be operated in the 'open' category should be aligned with the framework established by **Decision 768/2008/EC**.

→ Implementing dans ce cas ne représente pas une action, mais fait partie de l'intitulé de l'entité !

→ Si le verbe est sous une forme passive, l'ordre de l'annotation se fait à l'envers.

Attention : le mot « by » n'est pas surligné dans le texte. Il vous est demandé de construire le triplet avec le verbe uniquement. Si celui-ci est suivi par le mot « by », la construction du triplet se fera dans l'ordre à l'envers.

Exemple comme : regulation 1789/99/ec amended by decision 5698/33 → (decision 5698/33, amended by, regulation 1789/99/ec)
